

5th GENERATION SKIN BOOSTER

SELASTIN™ EXO PLUS

Exosome + PDRN + Collagen & Peptides

SELASTIN™ EXO PLUS

Exosome + PDRN + Collagen & Peptides

SELASTIN™ EXO PLUS
Exosome + PDRN + Collagen & Peptides

Exosome + PDRN + Collagen & Peptides

Exosome (CICA, CAMELLIA)

High-purity exosomes are derived from Plants(Cica, Camellia).

The ultra-nano particles contain of about 2.1 billion/ml of purified high-purity exosomes alone.
(CICA : 1.1 billion, Camellia : 1.0 billion)

PDRN

High-purity PDRN 30,000 ppm

PDRN is derived from Wild Alaskan Salmon (made by a French manufacturer)
PDRN is authorized by European Health Authorities (USA and Canada)

Collagen & Peptides

7 Amino Acid Peptides are made from 99% high purity powder raw Materials (made in Korea)
EGF, FGF, IGF - Collagen & Elastin regeneration growth factors
Atelocollagen - Collagen extracted from blue shark skin, which is twice as moisturizing compared to Hyaluronic Acid

SELASTIN™ EXO PLUS
Exosome + PDRN + Collagen & Peptides

Exosome (CICA, CAMELLIA)

- ✓ High-purity exosome is derived from plants
- ✓ Ultra-Nano Particles about 2.1 billion particles/ml
- ✓ Contains various amino acids essential for skin cell regeneration
- ✓ Madecassoside and Asiaticoside help the skin to synthesize collagen, giving it elasticity and preventing aging
- ✓ Phytosterol, glycoside and tannin which are the main ingredients, regenerate skin cells, have antimicrobial properties, reduce skin inflammation, and promote wound healing
- ✓ Keep the skin clean by preventing acne and inflammation through anti-inflammatory effects

Stem Cell

EXOSOME

Skin/Tissue Regeneration

Extraction of 0.5% core component
of stem cell culture extract

SELASTIN™ EXO PLUS
Exosome + PDRN + Collagen & Peptides

PDRN

- High-purity PDRN 30,000 ppm
- PDRN is made by a **French manufacturer** derived from **wild Alaskan salmon**. 
- PDRN is authorized by European Health Authorities (USA and Canada).
- **Promotes and increases skin hydration**
- **OH ° free radical scavenger**
- **Reconstruction of damaged skin**
- **UV light protection**
- **Reinforces the antioxidant barrier of the skin**

SELASTIN™ EXO PLUS
Exosome + PDRN + Collagen & Peptides

Collagen + Peptides

☑ EGF, FGF, IGF

Collagen & Elastin regeneration growth factors

☑ Atelocollagen

Promotes the synthesis of collagen and elastin
 Doubles the moisturizing effect compared to hyaluronic acid
 Provides elasticity to the skin and prevents sagging

☑ 7 (Amino Acid) Peptides

made from 99% high purity powder raw materials

1. **Galloyl Pentapeptide-74 (SEATIDE)** : Effective for Anti-wrinkle with high collagen mRNA expression
2. **Nicotinoyl Tripeptide-1** : Effective for powerful antioxidant, soothing and anti-inflammatory
3. **Nonapeptide-1** : Helps improve bright clean skin tone by reducing multi-pigmentation
4. **Acetyl Hexapeptide-8** : Effective for Anti-wrinkle by inhibiting skin muscle contraction
5. **Palmitoyl Pentapeptide-4** : Increasing collagen and preventing elastin decomposition
6. **Palmitoyl Tetrapeptide-7** : Increasing collagen and preventing elastin decomposition
7. **Glutathione** : Preventing skin aging and melanin production for a whitening effect.

Collagen & Elastin
regeneration

Increased
skin elasticity

Anti-Wrinkle

Improving skin
moisturization

Bright Skin tone

Reducing
the skin pores

Preventing
the skin pores

Whitening effect

SELASTIN™ EXO PLUS
 Exosome + PDRN + Collagen & Peptides

Before & After

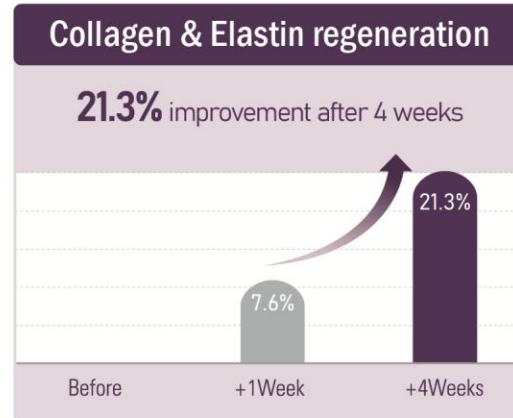

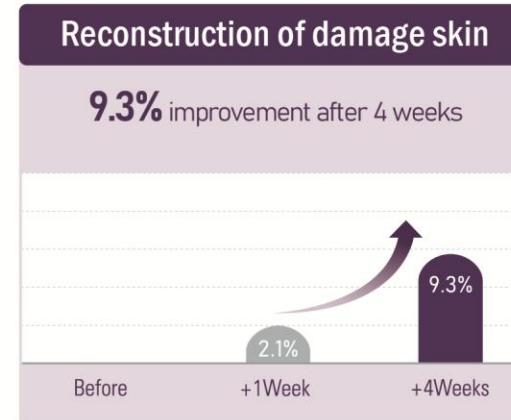

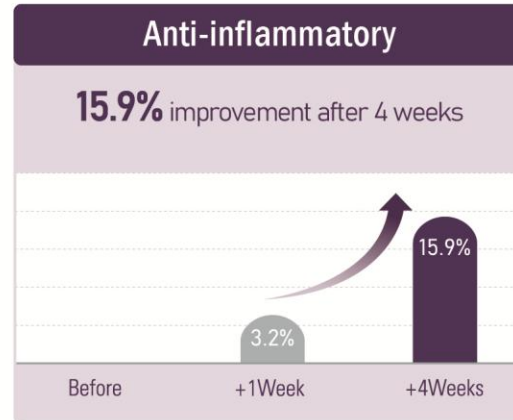

SELASTIN™ EXO PLUS
Exosome + PDRN + Collagen & Peptides

Rate of changes by testing item (%)

Change rate (%) = $\frac{[\text{Analysis value after using the product} - \text{Analysis value before using the product}]}{\text{Analysis value before using the product}} \times 100$
